## Fire Protection System Permit

### General Information

1. All work subject to field inspection and/or testing. NFPA 13D and 13R systems shall require a "bucket test".
2. No work shall start prior to sprinkler permit issuance.
3. The editions of NFPA 13, 13D, 13R, 14 and 303 referenced by the State Fire Prevention Code are adopted by the City of Annapolis.
4. Plans and manufacturers' specs are required.
5. The permit is valid for work commenced within a period of 120 days after issuance. Otherwise, it is void and of no effect. The permit shall be for periods as the fire chief determines, not to exceed 1 year.
6. Issued sprinkler permits are not transferable for any reason.
7. All fees are not refundable for any reason.
8. A copy of the cost estimate signed by the building owner shall be submitted with the permit application.
